

HILARY NICHOLS

WEDDING PHOTOGRAPHER

YOUR LOVE STORY TOLD IN WORDS AND PICTURES

Hello, I'm Hilary and I am in love with your love. Reflecting your spark is my goal, my joy, and my passion. I have been a wedding photographer for over 15 years and I am still so touched every time. Together we will craft artful portraits of the two of you strolling hand in hand into the golden light for images that shine bright with your soulful connection. Devoted to capturing all the smiles and laughter, I will frame your favorite day in vibrant candids to keep the day close in heart.

More than a vendor, I will be a friend to you, bringing my poise, passion and professionalism to your wedding day for a calming element and a deep sigh to return you to your heart so that you can really feel this wonder filled day as it unfolds.

Earthwell weddings have a glow of their own, under the grand Oak with the slanting light dancing off the pond, here you can really feel at home with your loved ones all around. It is an honor to document the beauty of this sacred celebration for you to cherish these memories lifelong. All of my packages include your full image set to you straight away and a wedding album to have and hold your memories beautifully.

As you book your wedding venue, lean into this season of anticipation with priorities in place holding your marriage more central on your mind than your party napkins.
